

COVID-19 Edition - May 2020

# SUnews

connectingforlife

## PRAYER POINT!

Pray that SU would be able to continue sharing ideas and resources to advance God's kingdom

## A MISSION NOT A MODEL

Our mission can never be shut down. Despite lockdown, SU ACT has retained a passion for sharing the Good News with the next generation in new ways.

## INTERNATIONAL IMPACT

*On 4 April SU ACT hosted a webinar we called "God's word - Going Viral" to share ideas about how we could continue ministry through lockdown.*

*Sam heard about our webinar through SU International and was one of 100 people who participated. He hadn't even heard of Zoom when India went into lockdown. "The SU ACT webinar gave me the confidence to say yes to running an online version of our Vacation Bible School."*

*SU India is now reaching thousands of children, young people and families through their online ministries.*

### PRAYER POINT!

Pray that WWJ would still be able to do camp face to face

## REACHING INTO THE HOMES OF FAMILIES

*SUPA Live has been allowing SUPA Clubs to stay connected, but it's also done so much more. Now whichever school kids attend they can hear the Good News and parents can be part of it too.*

*Evie didn't have a SUPA club at her school. "The best thing about schools being shut is SUPA Live. I like SUPA Live because I can learn about God and have fun with other kids."*

### PRAYER POINT!

Pray that God's Holy Spirit would work through video games!

## ENCOURAGING YOUTH

*In less than four weeks, our staff and amazing volunteer team pulled together a fun-filled online camp as our usual Wild Wee Jasper camp was not possible.*

*Stephanie had to stop playing competitive basketball after a really serious injury. During www.j camp someone shared a similar experience and how it impacted their journey. "I felt encouraged, because they were at this low point and now they are up here, and what could happen for me then if that happened for them?"*

### PRAYER POINT!

Pray for SUPA Live, for SUPA Club leaders, the kids and their parents

## ENGAGING KIDS IN THE BIBLE THROUGH VIDEO GAMES

*When the lockdown began, a group of keen teenagers started building a Bible story in Minecraft – a popular online game. Now on SUPA Saturdays, primary school students are invited to participate in a re-enactment of the bible story.*

*Matthew says, "I love getting to play on Minecraft on SUPA Saturdays. Being inside the Bible story is great. I look forward to it all week."*
