

## SPRING CAMPS

Making four camps happen over the Spring Holidays was no easy task. But Jesus and his disciples met many roadblocks during their ministry and never gave up, so neither did we! We hope that you will be encouraged by the good work that God was doing at each of our camps.

## ZONE 40

Campers had a blast out at Zone 40! From campfires to hiking to laying siege on box forts, the week was jam packed with fun.

But even more importantly, the week was also full of Jesus. Zone 40 gave kids the opportunity to see God's love in action and learn more about him. Many of the campers and leaders who came along said that they grew even closer to Jesus during camp!

A parent reported:

"Since returning from camp Maddie seems to have a lot more confidence and resilience."

## NOISY FOREST

*Our Noisy Forest camp filled up really quickly this year - so quickly that two non-Christian kids who had really wanted to come missed out. We knew how important it was that these kids got to come along and hear about Jesus, so we started praying and God faithfully provided! He brought us Hannah and Gideon, two more amazing young leaders to serve at Noisy forest; which meant that we had room for the extra kids.*

*But that is not where the good news ends. On camp, both of these kids said that they wanted to get to know more about Jesus and be connected with a church youth group!*

## SUPA SPORTS

*This year, "Two Ways to Play" was the theme of SUPA Sports holiday camp, and we are so encouraged by the way that so many of the campers responded by wanting to play for Team Jesus!*

*Four kids said they wanted to learn more about Jesus and receive a bible, and at least one other decided that she wanted to accept Jesus for the very first time!*

*During camp, our fantastic team of volunteers did an amazing job of demonstrating what it looks like to play on God's team; parents couldn't believe how loving, encouraging and God-filled each and every one of these leaders was.*

*In fact, one camper was so inspired that he said he would like to be a leader too when he is old enough!*

### PRAYER POINT!

Pray that God would continue to call leaders to serve in SU ACT's programs

### PRAYER POINT!

Pray that the messages that were taught on camps will stay with those who attended.

## WILD WEE JASPER

*Even though our virtual WWJ in April was very successful, we really wanted to give campers the opportunity to attend a face-to-face camp; and we are so glad that we did!*

*WWJ gave the young people who came along the chance to be a part of a Christian community outside of their day-to-day life, and to interact and be encouraged by faith-filled mentors.*

*After camp, parents told us that their children had really enjoyed the speaker and felt that they had grown in their relationship with God while they were on WWJ. One camper was so encouraged that when she got home, she read her family an entire chapter of the Bible that she had found particularly helpful!*

*This is the core of what SU ACT seeks to do; encouraging and nurturing children and young people to become the next generation of faith-filled Christian disciples.*

*We hope that you are as encouraged and excited as we are to see how God has been working through SU ACT camps, our leaders and our campers.*

*"I felt that it was really important to send my kids on SU camps. It helped them see that the body of Christ reached beyond their Christian circle and that they were part of something much bigger than just their church, their family or themselves. I'm so glad I did."*

*- SU ACT supporter who sent their kids on camps over 25 years ago  
(He now pays for his grandchildren to attend!)*
